

I am writing to you concerning the importance of the K-LOVE FM translator in the Sioux Falls area. I have been listening to K-LOVE ever since it became available in Sioux Falls and I value the music and commentary this station provides. If K-LOVE was displaced by a LPFM broadcaster that didn't provide the same content, the Sioux Falls area would lose out on Christian Contemporary Music and perspectives. There are many K-LOVE bumper stickers on cars in the Sioux Falls area and if this station were removed, there would be many disappointed listeners.

Thank you.

Sincerely,
Rob Olson
